

Working Women Award Isle Of Man

Individual Excellence Award

Women Sustainability Leader / Green Impact Award

OVERVIEW

The Women Sustainability Leader / Green Impact Award recognises inspiring women who are driving sustainability and environmental progress across industries, governments, and communities. These women lead by example in addressing climate change, resource conservation, and eco-innovation, making significant contributions to building a greener and more sustainable future.

..

ELIGIBILITY

- Open to women-identifying leaders in sustainability, climate action, or green innovation
- Includes professionals in environmental science, ESG, renewable energy, corporate sustainability, or conservation

QUALITATIVE CRITERIA

- Visionary thinking in circular economy, ESG, or green infrastructure
- Strong communication and advocacy skills
- Implementation of sustainable supply chains or net-zero strategies
- Support and mentorship for women in environmental careers

METRICS

..
