Probate : The purpose of a probate valuation is to ascertain the total value of the assets held in the estate. There are a number of reasons why this is important. In the first instance, if it has not been previously worked out, a probate valuation will show whether or not Inheritance Tax (IHT) will be payable on the estate and, if so, how much will be charged. This can be hugely important as it may have a significant impact on the eventual sums passed to beneficiaries.

Luton Vans : Ideal for small moves and clearances. Our vehicles are fully insured and regularly serviced.

Environment : The environment is really important to us - House Clearance Bromley are fully committed to the environment and wherever possible we will recycle, re-use or upcycle as many items as possible rather than sending to landfill.
